

# Earth Day

Text Level H/I

## Vocabulary Words:

Earth Day earth kind trash recycle  
home clean air water trees

It is Earth Day! Planet Earth is our home. It is a beautiful place to live, so we must be kind to it and take very good care of it. On Earth Day, we can spend some time taking care of it. There are many things we can do to take care of our earth. We can pick up the trash that we find outside, and put it in the trash can. We can also recycle boxes and bags. That way they won't end up on the ground or in the water. We can also keep the water clean by keeping trash and other bad things out of it. Something else that we can do is plant some trees. Trees help to keep the air clean. We must be good to our earth on Earth Day, and every day. Happy Earth Day!
