

2017-2018 Newtown Elementary Back to School Night
Council Rock Mathematics Program

Along with the important items you highlight for mathematics in your back-to-school night presentation, here are some additional points to consider sharing with parents:

1. **Online components of K-6 Math program:**

- Please make USERNAME and PASSWORD information available to parents. (K-5: Use LETTER TO PARENTS from enVision website.)
- Features of website:
 - **Grades K-5** How to access visual bridge videos, online student text, practice pages, online assignments (Some directions available via links on Math Specialist Page, enVISION MATH: GRADES K-5: <https://www.crsd.org/Page/41488>)
 - **Grade 6** How to access online student text, video tutorials, printable homework sheets if teacher assigns it, Quick Checks for extra practice – gives instant feedback (Glencoe)
 - Reminder to log on using Mozilla Firefox or Google Chrome as the browser (enVision - .pdf pages open easiest in this browser & Glencoe). FYI...the enVision program is optimized with Google Chrome ☺

2. **K-6 “Council Rock Math Program Overview Pamphlet.”**

- Please refer parents to this document.
- Please see the appropriate section of the Math Specialist’s website for your grade level pamphlet
- Grades K-5: <https://www.crsd.org/Page/41488>
- Grade 6: <https://www.crsd.org/Page/41485>

3. **Grades 1 & 2 Promote the First in Math Program (24 Game online).**

- Generously funded by PTO: THANK YOU!!!
- FAMILY LINK LETTER: Make available on your website. Can also email blast letter if you wish. FAMILY LINK means that family members get one extra, FREE account if student player acquires 500 stickers. This letter is also available on the home page of the Math Specialist website: <https://www.crsd.org/page/21047>
- ACCOUNTS ARE READY TO GO! Students were given their username and password info in school. It is in the inside, front cover of their HW book (or wherever your common placement is for grades 1 and 2). This program can be accessed from home.

4. **K-6 Greg Tang Math**

- Greg Tang’s Summer Math Challenge is due to the Math Specialist, Mrs. Kane on September 13, 2017. Please see the home page of my Math Website for more information and for your grade-level’s game board. (<https://www.crsd.org/page/21047>)
- Participation is optional, but encouraged.
- Excellent to develop flexible thinking!

Any questions? Just email ☺
