

**Council Rock School District
Health and Safety Plan for Athletics and Band**

This plan is in effect immediately. As more public health information becomes available, the administration of Council Rock School District (CRSD) will work with health agencies and PIAA to release further guidance which could impact the fall, winter, and/or spring seasons. All aspects of the approved Council Rock Health and Safety Plan are to be followed in addition to the guidance below.

Please note that these expectations-pertain to all athletic and marching band practices, events, and competitions.

INTRODUCTION

The COVID-19 pandemic has presented society with a myriad of challenges. The COVID-19 virus is a highly contagious illness that primarily attacks the upper respiratory system. The virus that causes COVID-19 can infect people of all ages. While it is not possible to eliminate all risk of furthering the spread of COVID-19, the current science suggests there are many steps schools can take to reduce the risks to students, adults, and their families.

The CRSD will take the necessary precautions and recommendations from the federal, state, and local governments, Centers for Disease Control (CDC), Pennsylvania Department of Health (PADOH), Bucks County Health Department (BCHD), Pennsylvania Department of Education (PADOE) as well as the National Federation of State High School Associations (NFHS) and Pennsylvania Interscholastic Athletic Association (PIAA). The CRSD realizes the knowledge regarding COVID-19 is constantly changing as new information and treatments become available. These recommendations will be adjusted as needed as new information becomes available in order to decrease the risk of exposure for our staff, students, and spectators.

PRIMARY POINT OF CONTACT

The primary points of contact for all questions related to COVID-19 and the lead individuals for all aspects of this plan:

Robert Findlay
Director of Athletics
Council Rock High School North
rfindlay@crsd.org
215-944-1314

Scott Layer
Director of Athletics
Council Rock High School South
jlayer@crsd.org
215-944-1103

Mike Horan, MS, LAT, ATC
Athletic Trainer
Council Rock High School North
mhoran@crsd.org
215-944-1368

Scott Lisher, MA, LAT, ATC
Athletic Trainer
Council Rock High School South
slisher@crsd.org
215-944-1185

EXPECTATIONS

Expectations for Middle School and High School Athletics and Marching Band:

1. The CRSD Health and Safety Plan is in effect for all sports and marching band activities wherever and whenever appropriate.
2. All practices and events/competitions will be scheduled to commence each season on a schedule determined by school administration.
3. All off-season workouts and practices are open and voluntary. These will initially be limited to teams preparing for competition, preparation for and participation in the fall season and will be limited to outdoor activities.
4. Events will be scheduled to ensure adequate time for all participants to leave the facility before the next group arrives. As a result, everyone must arrive and leave at the scheduled time to avoid overlap in groups.
5. Only students, adults, officials, and staff, are allowed at workouts and events/competitions. Spectators/parents should remain in their vehicles. Media and scouts may attend with prior approval of the school's administration.
6. Spectators – The addition of visitors and spectators will be contingent upon future health conditions and guidance by the Pennsylvania Department of Education and state and local Departments of Health.
7. When spectators are allowed, all guidelines from the Pennsylvania Department of Education, Departments of Health, and the CRSD Health and Safety Plan must be adhered to.
8. Students, adults, staff, and officials will undergo a COVID-19 health screening prior to any practice, event/competition, or team meeting. The type of screening will be dependent upon the available resources and the Phase level. The purpose is to check for signs and symptoms of COVID-19. Anyone with a fever of 100.4 degrees or higher or any other COVID-19 related symptoms should stay home.
9. Promote healthy hygiene practices such as hand washing (20 seconds with warm water and soap, or hand sanitizer if soap and water are not available). Hand sanitizer will be available for use as resources allow.
10. All individuals must wear face coverings unless they are outdoors and can consistently maintain social distancing of at least 6 feet. Students are not required to wear face coverings while actively engaged in workouts, practices, and competition that prevent the wearing of face coverings, but must wear face coverings when on the sidelines, in the dugout, etc. and anytime 6 feet social/physical distancing is not possible. Adults will wear face masks at all times when they are or will be interacting with or be in the presence of students. There are no color restrictions on face coverings however, they must conform to the Restriction on Advertisements or Sponsor's Names on Uniforms policy as adopted by the PIAA Board of Directors. Face coverings may not contain images or wording that is offensive or distracting.

11. Intensify cleaning, disinfecting, and ventilation in all facilities (to the extent feasible and when facility use is permitted).
12. Encourage social distancing through increased spacing, small groups, and limited mixing between groups; if social distancing is not feasible face coverings must be worn.
13. Educate students, adults, and staff on health and safety protocols.
14. Anyone who is sick, or thinks they may be getting sick, MUST STAY HOME.
15. Designate a place to isolate a student or employee if they should get sick.
16. Regularly communicate and monitor developments with local authorities, employees, and families regarding cases, exposures, and updates to policies and procedures.
17. Students and adults MUST provide their own water bottle for hydration. Water bottles must not be shared. A minimum of 1 liter of water, or three 12 oz water bottles should be brought for each practice or game.
18. PPE (gloves, face coverings, eye protection) will be used as needed and situations warrant or determined by local/state governments. These should be provided by participants.
19. Identify staff and students who may be at a higher risk of severe illness from COVID-19 due to underlying medical conditions. (See - CDC "People Who are at a Higher Risk for Severe Illness")
20. Concession stands, when permitted to operate, must adhere to the Guidance for Businesses in the Restaurant Industry.
21. Social distancing requirements as per the CRSD Health and Safety Plan should be observed to the maximum extent possible including during the National Anthem and on the sidelines.

GENERAL CONSIDERATIONS

1. Signs will be posted so as to be visible at each session which promote everyday protective practices, measures, and how to stop the spread of germs.
2. Parents and students will be promptly notified of any changes in protocols, scheduling of events, or necessary cessation of events.
3. All parents will receive training on all aspects of this plan prior to implementation for a given sport.

CONSIDERATIONS FOR STUDENTS

- All students will complete education/training for Coronavirus (virtual meeting and coronavirus tutorials) as well as all aspects of this plan.
- Students and their guardians will be required to sign the Council Rock School District Athletics Participation Waiver for Communicable Diseases Including COVID-19 form prior to participation.

- Gradually work up intensity of activity.
- Communicate all health and fitness-related concerns with adults and athletic trainer immediately.
- Students should arrive prepared to begin and avoid congregating before the workout. Students should leave immediately following the workout. If students arrive early for practice, they should not congregate in groups until the coach is ready to begin activity. If the student is being dropped off, parents should not leave campus until their student has been screened for signs or symptoms of COVID-19 infection as long as screening is required by Department of Health and PDE guidelines as well as the CRSD Health and Safety Plan.
- Promote healthy hygiene practices (hand washing/sanitizing, face coverings before and after activity, social distancing).
- Avoid contact between individuals (including shaking hands, fist pumps and high fives).
- Activities that increase the risk of exposure to saliva will not be permitted including chewing gum, spitting, licking fingers, and eating sunflower seeds. Musicians shall follow the directions of their director as to proper protocol for saliva from playing their instruments.
- Students will not be required to wear face coverings while actively engaged in workouts, practices, and competition that prevent the wearing of face coverings; however, every student must bring a face covering with them to practices and events in case a situation arises where social distancing guidelines cannot be adhered to. At that point they will don their face covering.
- Repeated violations of these expectations will result in the student being barred from participation.
- Students are responsible for their own supplies.
- Students may not share clothing or towels. These should be washed after each session.
- When used, students should keep mouth guards in their mouths. If removed, it should be thoroughly cleaned prior to reuse.
- Students should immediately report to an adult if they are not feeling well.

CONSIDERATION FOR ADULTS

- All adults will complete education/training for Coronavirus (virtual meeting and coronavirus tutorials) as well as all aspects of this plan.
- Design activities that allow for risk mitigation strategies. Activities should follow social distancing guidelines that are required by the CRSD Health and Safety Plan at the time. Whenever possible, students should be broken up into cohorts, or “pods” of 5-6 individuals. Students will work with the same pod at every session. At no time should a member of one pod be allowed to transition to participating with another pod.
- Since adults will have to give instruction and interact with all the pods, they will be required to wear a face covering when interacting with students during practice.
- For student athletes, design activities to resume in a gradual fashion to avoid overuse injuries and exertional/heat-related illnesses.
 - Consider that all students have some level of detraining and may not be returning at the same fitness level because of pandemic restrictions and activities may need to be

- adjusted accordingly. Additionally, if students miss sessions, they may need to start at a previous level.
- Given the high risk for musculoskeletal injury following a prolonged period of physical inactivity, adults will be required to submit practice plans to the Athletic Director for the duration of this plan. This requirement is out of an abundance of caution to ensure that practice plans are taking potential deconditioning of students into consideration.
- Break time may need to be increased and/or staggered to accommodate social distancing, hand washing/sanitizing, and avoiding shared hydration sources.
- Adults must stay until all members of their team students have left the campus.
- All practices and events must be scheduled with the Athletic Director to ensure no overlap of facility usage occurs.
- No indoor sessions are permitted without direct and prior approval of the school administration.
- Keep accurate records of student and adult attendees at all sessions/events in case contact tracing is needed.
- The number of participants in a session/event should be limited if necessary for social distancing and safety purposes.
- Inform the Athletic Director of any students reporting symptoms or direct exposure.

CONSIDERATIONS FOR PARENTS

- Parents/Guardians should monitor their children for symptom. Children with any symptoms must stay home.
- Provide persona items for your child and clearly label them.
- Thoroughly clean all supplies and clothing after each session.
- If attending any event, wear a face covering.
- If your child is symptomatic or had direct exposure, notify the school nurse (when school is in session) and the coach.

CONSIDERATIONS FOR MEDIA

- Media members should complete a health assessment prior to attending an event. Any symptoms necessitate refraining from attending.
- Media must contact the school prior to attending.
- Media attendance may be limited to conform to social/physical distancing and safety requirements.
- Media are at all times restricted from student areas.
- Interview requests will be limited and must comply with all social/physical distancing and safety requirements.
- Face coverings must be worn at all times.

LEVELS OF PARTICIPATION

Pennsylvania State Red Phase

- Activities: No in-person gatherings allowed; students and adults may communicate via online meetings (zoom, google meet, etc.); Students may participate in individual practicing and/or home workouts including strength and conditioning.

- All school facilities remain closed as per PA State Guidelines.
- Students and adults must abide by guidelines set forth by the local and state governments.

Pennsylvania State Yellow Phase

Activities may include team meetings and practices following all expectations listed above and guidelines and directives from the PA and Bucks County Departments of Health, the Pennsylvania Department of Health, and the CRSD Health and Safety Plan. Any use of equipment cannot include touches by more than one person.

Pre-Screening:

- All adults and students must be screened for signs/symptoms of COVID-19 prior to a workout. (See Appendix for COVID-19 Screening Form, which will be maintained so as to protect privacy). Screening protocols will be updated as necessary based on Department of Health guidelines
- Responses to screening questions for each person are to be recorded and stored so that there is a record of everyone present in case a student develops COVID-19.
- Any person with positive symptoms reported will not be allowed to participate, should leave the facility immediately, and must contact his or her primary care provider or other appropriate health-care professional. Returning to participation will be allowed based on the CRSD Health and Safety Plan.

Limitations on Gatherings:

- No gathering of more than 25 individuals per group, including adults, per area.
- Controlled non-contact activities only.
- Social distancing and face coverings as required by the Department of Health and the CRSD Health and Safety Plan at the time must be enforced.
- If students arrive early for their scheduled practice, they must remain in their vehicle until the formal activities commence.

Hydration:

- Students MUST bring their own water bottle. Water bottles must not be shared. A minimum of 1 liter of water, or three 12 oz water bottles are to be brought for each practice or game.
- Hydration stations (water coolers, water fountains, water cows, water troughs, etc.) must not be utilized

Pennsylvania State Green Phase

Activities may involve greater participation while minimizing sharing of equipment and following all expectations listed above and guidelines and directives from the PA and Bucks County Departments of Health, the Pennsylvania Department of Health, and the CRSD Health and Safety Plan. Shared equipment must be cleaned between individuals using the equipment. There are to be no competitions until and unless permitted by the PIAA, DOHs, other governing bodies and authorized by CRSD administration.

Pre-Session Screening:

- All adults and students must be screened for signs/symptoms of COVID-19 prior to a workout. (See Appendix for COVID-19 Screening Form, which will be maintained so as to protect privacy). Screening protocols will be updated as necessary based on Department of Health guidelines.

- Responses to screening questions for each person are to be recorded and stored so that there is a record of everyone present in case a student develops COVID-19.
- Any person with positive symptoms reported will not be allowed to participate, should leave the facility immediately, and must contact his or her primary care provider or other appropriate health-care professional. Returning to participation will be allowed based on the CRSD Health and Safety Plan.
- Gatherings are limited to 25 individuals indoors and 250 individuals out of doors.

Limitations on Gatherings:

- No gathering of more than 250 individuals per group, including adults per area.
- Appropriate social distancing and face covering requirements as directed by the Department of Health and the CRSD Health and Safety Plan at the time will need to be maintained. Consider using tape or paint as a guide for students and adults.

Facilities Cleaning:

- Adequate cleaning schedules will be created and implemented for all facilities to mitigate any communicable disease when indoor activities are permitted.
- When indoor activities are permitted, facilities must be cleaned prior to arrival and after sessions; high-touch areas are to be cleaned more often
- Appropriate clothing/shoes must be worn at all times in the weight room when use is permitted to minimize sweat from transmitting onto equipment surfaces. Equipment should be wiped down after each individual's use. When permitted, use of the weight room will follow the protocols developed by the HPE department for use during the school day.

Physical Activity and Athletic Equipment:

- Equipment that may be used by multiple individuals must be cleaned after each individual's use during practice and events.
- Regular use of hand sanitizer will be encouraged prior to, during, and after sessions.

Hydration:

- Students MUST bring their own water bottle. Water bottles must not be shared. A minimum of 1 liter of water, or three 12 oz water bottles are to be brought for each practice or game. If school is in session, students are to reserve water bottles for practice or refill personal bottles before practice.
- Hydration stations may be used but MUST be cleaned after every practice/event.

OTHER CONSIDERATIONS FOR COMPETITIONS/EVENTS

- Make sure host and visiting schools communicate prior to events/competitions. Consider:
 - Parking
 - Where to enter
 - Equipment to bring
 - Water availability
 - Bench area/sideline seating (number of students to accommodate)
 - Locker room availability
 - Restroom facilities
 - How to handle exchange of necessary paperwork
- Be sure to bring all medical and other supplies

- Follow all policies and guidelines of the CRSD Health and Safety Plan as well as the guidelines
- Be sure to sanitize areas to be used by visitors
- Provide sanitizer and masks for visitors as needed
- Clean and disinfect all high touch surfaces and any equipment to be used
- Have a plan in case someone becomes ill/symptomatic
- If any liability waivers are to be required, these should be provided in advance
- Modifications for transportation (when permitted) may be necessary. This may include:
 - Reducing the number of students/adults on a bus/van
 - Using hand sanitizer upon boarding a bus/van
 - Social distancing on a bus
 - Seating on vehicle from back to front.
 - These potential modifications will be determined by the school district, bus companies, Department of Education, and state and local governments once transportation for events is permitted.

Social Distancing during Contests/Events/Activities

- Sidelines/Bench – appropriate social distancing will need to be maintained on sidelines/bench during contests and events, as deemed necessary by the school, PIAA, state and local governments. Consider using tape or paint as a guide for students and adults.

Who should be allowed at events?

1. Tier 1 (Essential) – Students, adults, officials, event staff, medical staff, security. Allowed in Yellow Phase and Green Phases.
2. Tier 2 (Preferred) – Media, Scouts. Allowed in Green Phase
3. Tier 3 (Non-essential) – Spectators, vendors. Not allowed until further guidance is received.

OTHER COVID-19 SPECIFIC CONSIDERATIONS

What are the signs and symptoms of COVID-19?

Symptoms may appear 2-14 days after exposure to the virus. The symptoms may range from mild to severe. (See CDC Fact Sheet in Appendix). Symptoms may include:

- Fever or chills (100.4 or higher)
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore Throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

Monitoring the Health of Student and Staff

- All matters related to the monitoring for COVID-19 symptoms and history of exposure; isolating or quarantining of individuals who become sick or have a history of exposure; returning individuals to participation who have tested positive for COVID-19, been symptomatic, have been isolated or quarantined, and/or have had direct exposure; and/or traveled to areas of high identification rates are under the direction of the CRSD Health and Safety plan available on the district website.
- If you are sick with COVID-19 or think you are infected with the virus, STAY AT HOME. It is essential that you take steps to help prevent the disease from spreading to people in your home or community. If you think you have been exposed to COVID-19 and develop symptoms, call your healthcare provider for medical advice.
- Adults, staff, umpires/officials, and families of students (as feasible) will self-report to the school nurse (coach when school is not in session; coach will email Athletic Director) if they have symptoms of COVID-19, a positive test for COVID-19, were directly exposed to someone with COVID-19 within the last 14 days, or have traveled to an area identified by the PA Department of Health with high infection rates.
- CRSD is not responsible for testing for COVID-19 but will screen student students, adults, officials and staff for signs and symptoms of COVID-19.

What to do if a student or staff become ill with COVID-19 symptoms during practice, event/competition, or during transportation to or from an event?

- Isolate the ill individual from others, until the student or staff member can leave the school or event. A face covering is required at all times under this circumstance.
- Parent/guardian will be contacted immediately, and arrangements will be made for the student to be picked up
- Ill individual will be asked to contact their physician or appropriate healthcare professional for direction
- Close off areas used by a sick person and do not use these areas until after cleaning and disinfecting them (for outdoor areas, this includes surfaces or shared objects in the area, if applicable).
- Wait at least 24 hours before cleaning and disinfecting. If 24 hours is not feasible, wait as long as possible. Ensure safe and correct use and storage of cleaning and disinfecting products, including storing them securely away from children.

EDUCATION

Staff, Adults, Parents and Students will be educated on the following (through posters, flyers, meetings, emails, phone calls):

- COVID-19 signs and symptoms
- Proper ways to limit exposure to COVID-19 (hand washing, cough in your elbow, disinfecting touched surfaces, social distancing, avoid touching eyes, nose, face and mouth, no spitting, gum chewing, etc.)
- No handshakes/celebrations (high fives, fist/elbow bumps, chest bumps, hugging), etc.
- The content of this document

- Any pertinent COVID-19 information released by state/local governments, or other governing bodies.

APPENDIX

Council Rock School District Participation Waiver for Communicable Diseases Including COVID-19

The COVID-19 pandemic has presented athletics across the world with a myriad of challenges concerning this highly contagious illness that primarily attacks the upper respiratory system. Some severe outcomes have been reported in children, and a child with a mild or even asymptomatic case of COVID-19 can spread the infection to others who may be far more vulnerable.

While it is not possible to eliminate all risk of furthering the spread of COVID-19, Council Rock School District will take necessary precautions and comply with guidelines from the federal, state, and local governments, CDC, PA DOH, PA DOE, as well as the NFHS and PIAA, to reduce the risks to students, adults, and their families. As knowledge regarding COVID-19 is constantly changing, CRSD reserves the right to adjust and implement precautionary methods as necessary to decrease the risk of exposure for our staff, students, and spectators. Some precautionary methods in the Council Rock School District Athletics Health & Safety Plan 2020 include but may not be limited to:

1. Health screenings prior to any practice, event, or team meeting with participation in the activities being limited and/or prohibited where an individual displays positive responses or symptoms.
2. Encourage social distancing and promote healthy hygiene practices such as hand washing, using hand sanitizer, etc.
3. Intensify cleaning, disinfection, in all facilities when use is permitted.
4. Educate Students, Parents, Adults, and Staff on health and safety protocols.
5. Require Students and Adults to provide their own water bottle for hydration.

By signing this form, the undersigned voluntarily agree to the following waiver and release of liability. The undersigned agree to release and discharge all claims for ourselves, our heirs, and as a parent or legal guardian for the student named below, against CRSD, its Board of Directors, successors, assigns, officers, agents, employees, and volunteers and will hold them harmless from any and all liability or demands for personal injury, psychological injury, sickness, death, or claims resulting from personal injury or property damage, of any nature whatsoever which may be incurred by the student or the undersigned relating to or as a result of the student's participation in athletic programs, events, and activities during the COVID-19 pandemic.

The undersigned acknowledge that participating in athletic programs, events, and activities may include a possible exposure to a communicable disease including but not limited to MRSA, influenza, and COVID-19. The undersigned further acknowledge that they are aware of the risks associated with COVID-19 and that certain vulnerable individuals may have greater health risks associated with exposure to COVID-19, including individuals with serious underlying health conditions such as, but not limited to: high blood pressure, chronic lung disease, diabetes, asthma, and those whose immune systems that are compromised by chemotherapy for cancer, and other conditions requiring such therapy. While particular recommendations and personal discipline may reduce the risks associated with participating in athletics during the COVID-19 pandemic, the risk of serious illness, medical complications and possible death does exist.

We knowingly and freely assume all such risks, both known and unknown, even if arising from the negligence of others, and assume full responsibility for student's participation in athletics during the COVID-19 pandemic. We willingly agree to comply with the stated recommendations put forth by CRSD to limit the exposure and spread of COVID-19 and other communicable diseases. We certify that Student is in good physical condition or believe Student to be in good physical condition and allow participation in this sport at our own risk.

Sport: _____

Date: _____

Signature of Student Student: _____

Date: _____

*Parents/Guardians may request a full copy of Council Rock School District Athletics Health & Safety Plan 2020. Contact Charles J. Lambert, Ph.D., Director of Special Services

SCREENING PROTOCOL AND FORM

Students/Adults should self-report as deemed necessary prior to each practice/event. Temperature may be taken from a designated trained individual as needed. The other symptoms should be marked as “N” – NO or “Y” Yes answers.

For the column - “Close Contact” - the answer should reflect the following question:
Within the past 14 days, have you had close contact with someone who is currently sick with suspected or confirmed COVID-19? (Note: Close contact is defined as within 6 feet for more than 15 consecutive minutes without PPE equipment.)

If any responses are “YES,” students will NOT be allowed to practice or compete, and will be asked to leave school grounds. If students develop symptoms during practice, parents will be notified and asked to pick up the student. Symptomatic students may not drive themselves home. Parents/Guardians will be notified.

Directions for completing and maintaining Screening Form: Each coach will have a plan for completing, storing, and maintaining screening forms that ensures confidentiality and student privacy approved by the Athletic Director prior to the first session.

BACKGROUND

Contact tracing is the process of reaching out to anyone who came into close contact with an individual who is positive for COVID-19. Contact tracing helps monitor close contacts for symptoms and to determine if they need to be tested. Contact tracing is a key strategy for preventing the further spread of infectious diseases such as COVID-19.

WHAT DOES THIS PROCESS LOOK LIKE?

- In contact tracing, public health staff work with a case to help them recall everyone they have had close contact with during the time they were infectious.
- Public health staff then inform individuals who have had close contact (e.g. “close contacts”) that they have potentially been exposed to COVID-19. Close contacts are only told that they may have been exposed to someone who has COVID-19; they are not told who may have exposed them.
- Close contacts are given education, information, and support so they understand their risk. They receive information on what they should do to separate themselves from others who have not been exposed, how to monitor themselves for illness, and are made aware that they could possibly spread the infection to others, even if they do not feel sick.
- Close contacts will be asked to quarantine themselves and are encouraged to stay home and maintain social distancing through the end of their infectious period, which is about 14 days, in case they become sick. They should monitor themselves by checking their temperature twice a day and watch for any other symptoms of COVID-19. Public health staff will check in with these contacts to make sure they are self-monitoring and have not developed symptoms.
- If a close contact develops symptoms, they should isolate themselves and let public health staff know. The close contact will be evaluated to see if they need medical care. A test may be necessary unless the individual is already in a household or long-term care facility with a confirmed case, then the close contact would be considered a probable case without a test.

WHAT TERMS SHOULD I KNOW WHEN IT COMES TO CONTACT TRACING?

- A **case** is a patient who has been diagnosed with COVID-19. A case should isolate themselves, meaning they should stay away from other people who are not sick to avoid spreading the illness.
- A **close contact** is an individual who had close contact with a case while the case was infectious. A close contact should quarantine themselves, meaning they should stay at home to limit community exposure and self-monitor for symptoms.
- A **contact of a close contact** is an individual who had or continues to have contact with a close contact. A contact of a close contact should take all regular preventative actions, like washing hands, covering coughs and sneezes, and cleaning surfaces frequently. A contact of a close contact should be alert for symptoms.
