Good Day Council Rock High School North Community,

It is an honor and privilege to introduce myself as the new principal of Council Rock High School North. Council Rock North has a rich tradition of excellence in and out of the classroom and I look forward to working with the students, staff, families, and alumni as we continue our achievement into the future.

I entered Council Rock High School North for the first time 20 years ago as a per diem substitute. I knew on that day I wanted to spend the rest of my career at North. The atmosphere of support, trust, and integrity was evident and like no other school I walked into. It is difficult to gauge if you do not have other schools to compare it to, but Council Rock North is unique. I have had joy coming to North each day in my many roles since that moment. I served as the building substitute, science teacher for 10 years, class advisor to the Classes of 2008 & 2012, 9th grade baseball coach, and most recently assistant principal for the past 8 years. My time at North has allowed me to develop strong relationships with many families and staff members to understand the strengths and history of the school, but I look forward to forging relationships with all of you.

As we enter the 2021-2022 school year, our focus will be recreating a school culture of acceptance, excitement, and excellence. In addition to our rising 9th grade students, we are transitioning all students back into the face-to-face setting of high school. Secondly, with the return of our activities this fall students will reconnect with their friends through the many school offerings that make North more than a school, rather a second home. We do not want our students leaving at 2:15. We want them to be excited to come to North each day at 7:33 and participate in all we have to offer, academically and socially, until the sun goes down or later.

We Are C.R. North! Each one of us has an important role in the success of our students. This is seen through the educational strategies and curricula in our classrooms, supports in our counseling and nursing services, coaching and directing in our co-curricular programs, and encouragement and conversations at home. I look forward to partnering with all of you to make North the best it can be.

This is my first communication as principal of Council Rock High School North, but I am excited for the upcoming conversations. If you have any questions, please contact me at jtraczykiewicz@crsd.org.

Sincerely,

Jason S. Traczykiewicz
Principal
