- *** When admission fees are charged as part of this Use, the District may choose to collect the greater of the fees listed here or ten percent (10%) of the revenues generated from admission in lieu of all other Use charges for that Use. Payment for Service Fees, as presented below, would still be charged to the USER.

Summer Camp Use

Council Rock provides our facilities to **Users** for summer camps – including township summer camps and a variety of athletic camps. The Use designation defined above does not apply to a Use that is part of a summer camp program. Instead, the District assesses the following charges for summer camps:

\$15/camp participant. This fee is required on or before the first day of camp along with a roster of participants.

Full Facility Use

Organizations, such as Parent-Teacher Organizations, use our facilities occasionally for school fairs that bring together students and community. When a User seeks to use an entire facility for this purpose, the District will work with the User for a reduced fee for that single use. All other services fees will apply without reduction.
