Issue Date: February 3, 2020**

Below are the answers to questions submitted by prospective bidders as of February 3, 2020.

- 1. For the candidate interviews scheduled for 2/18, will these be solely question-and-answer interviews, or will there be an opportunity to provide a presentation?**

Vendors selected for an interview will be provided an opportunity to provide a presentation of a maximum length of 15 minutes to the interview team prior to the question and answer portion of the interview.

- 2. Is there a limit to how many Provider representatives can participate in the candidate interviews?**

No. However, interviews will operate on a very tight timeline, so please consider designating a spokesperson.

- 3. Can the District provide any clarification around what it is seeking from the academic intervention program indicated at a. on page 11 of the RFP?**

This information is found on page #9 of the RFP (not page #11 as indicated in the question). This is an optional service that the district may seek to consider adding in the future as part of the existing contract. The only requirement is that the vendor can demonstrate the ability to provide a more robust and structured academic program during the before and after school care hours should the District request it. The program may include, but not be limited to: dedicated time to assist students with homework and / or provide enrichment lessons in specific subject areas.
