

Introducing...

CHAMPIONS AM Kindergarten Enrichment Program for the 2017-2018 School Year!

Champions is excited about the opportunity to further our partnership with the Council Rock School District by continuing to provide two **on-site morning Kindergarten Enrichment programs**, in addition to our current before and after school programs at all elementary schools.

Everything young children need to know, they'll learn in Champions Kindergarten Enrichment Program! Our morning curriculum accommodates afternoon kindergarten schedules and reinforces kindergarten classroom learning in a fun, safe setting. A world of discovery awaits our Kindergarten Enrichment participants as they explore art, dramatic play, science, problem-solving, language and literacy and more! Champions offers a convenient, secure, learning environment for our kindergarten students.

Program Details

- Kindergarten Enrichment is a **morning only** program designed to provide a full-day experience for those students scheduled for the afternoon kindergarten session.
- Kindergarten Enrichment Programs will be offered at the following locations for the 2017-18 school year, each in a designated classroom. Maximum capacity at each location is 24 students. Each program will have a certified teacher and an assistant.
