Dear Parent/Guardian:

The time has come to plan an appropriate program of studies for your child. Within the next few weeks, your child will be selecting his/her courses for next year. At home, it will be helpful for you to review the online program planning booklet with your child. During course selection, students will identify several elective choices along with their core courses when meeting with their counselors. Following the meeting, the course selection sheet will be sent home for your signature and should be returned within one week. (The school counselors can be reached at 215-944-1107.)

Several dates and activities are in place to help your child make these decisions. Please refer to the schedule below to see the comprehensive list of available events. We would also like to emphasize that all teachers and counselors spend considerable time and effort in making the best possible recommendations for your child.
