Introduction

You are a Camp Counselor who sets up an Adventure program for campers at an exclusive camp. Money is no option and you are able to set up any type of camp experience you wish as long as it involves teambuilding activities and challenges. This program will be designed for high school age teens. You will be creating a slideshow that will be presented to the camp director in order to get your new program approved to run this summer!
Task

Your task for this project is to develop an Adventure program for high school aged campers at an exclusive summer camp. You will need to describe 5 teambuilding activities that you will do with your campers throughout the summer. The activities should be clearly explained including all equipment needed and any safety concerns. There should also be a short paragraph explaining the goal of the activity (communication, teamwork, reading body language, etc.). You are also going to have to “sell” this program and your activities to the camp director for final approval.

Make a slide Power Point presentation to explain your program idea to the camp director.

Process

1. Create a colorful title slide displaying the name of your new program. (1 slide)
2. Come up with 3 motivational words that will be a recurring theme throughout your 5 teambuilding activities and your entire program. (1 slide)
3. Explain each word on a separate slide (what it means in general and what each word means in relation to your program). (3 slides)
4. Using information from any of the sources below (or your own sources), describe 5 teambuilding activities in detail. Each activity should be about 2 slides. (10 slides)
   Be sure to include:
   a. Detailed description of the activity
   b. Any equipment you will need
   c. Any safety concerns
   d. A brief explanation of how your 3 motivational words relate to the activity
5. In your own words explain the importance of teambuilding as it relates to a teenagers life. (3 slides)
   a. What skills do teambuilding sharpen?
   b. How does teambuilding translate to everyday life?
   c. Why is it important for teens to develop these teambuilding skills?
6. Add two final slides with motivational quotes and pictures about teambuilding. (2 slides)
7. Be sure to make your PowerPoint Presentation colorful and attractive
