

Addendum No. 1

Issued: February 12, 2025

Project Name: Council Rock School District
HS North and Holland Middle School Wood Gym Floor Replacement
CHA Project No. 099734

Project Owner: Council Rock School District
30 North Chancellor Street
Newtown, PA 18940

Engineer: CHA Consulting
One East Broad St., Suite 310
Bethlehem, PA 18018

BID DUE DATE: Wednesday, February 26, 2025, at 2:00 p.m.

*This Addendum forms a part of the Contract Documents and modifies the original Bidding Documents dated **February 2024**. This addendum must be acknowledged on the Bid Form in the space provided for this purpose. Failure to so acknowledge this addendum may subject the Bidder to disqualification.*

1.0 GENERAL INFORMATION:

- 1.1 A building site visit has been scheduled for CRHS North and Holland MS for Friday, February 14, 2025, at 2:30 P.M. (**Visit to start at Holland Middle School**). The meeting location is the Main Office. Please bring your driver's license for security purposes.
- 1.2 Additionally, site visits can be scheduled through CRSD. Please, contact Jessica Binda-Rischow at 215-944-1015 or email at jbinda-rischow@crsd.org. Contractors are required to check in at the building's main office upon arrival at the site.
- 1.3 **ALL BIDDERS are informed that only Addenda issued directly by CHA are a valid part of the Contract Documents. Addenda issued by other parties are invalid and should be disregarded.**
- 1.4 This addendum consists of fifteen (15) pages including the following attachments:
- 1 Page of Sign-in sheet from the Pre-Bid Meeting held on February 11, 2025.
 - 2 Pages of revised and reissued specification section 000110, "Table of Contents".
 - 2 Pages of newly issued specification section 003132, "Geotechnical Data"
 - 4 Pages of newly issued specification section 003132A, "Asbestos Bulk Sampling for the Holland Middle School - Gymnasium prepared by Element Environmental Solutions on January 28, 2025"
 - 4 Pages of newly issued specification section 003132B, "Asbestos Bulk Sampling for the Council Rock High School – North (Gymnasium) prepared by Element Environmental Solutions on January 28, 2025"

2.0 CHANGES TO PREVIOUS ADDENDA:

2.1 None.

3.0 CHANGES TO THE BIDDING REQUIREMENTS, CONTRACT FORMS, & CONDITIONS OF THE CONTRACT:

3.1 None.

4.0 CHANGES TO THE SPECIFICATIONS:

4.1 Specification Section 003132, “Geotechnical Data” **ADD** the newly issued specification section included with this Addendum No. 1 immediately following specification section 002625, “Substitution Request Form”.

4.2 Specification Section 003132A, “Asbestos Bulk Sampling for the Holland Middle School - Gymnasium prepared by Element Environmental Solutions on January 28, 2025” **ADD** the newly issued specification section included with this Addendum No. 1 immediately following specification section 003132, “Geotechnical Data”.

4.3 Specification Section 003132B, “Asbestos Bulk Sampling for the Council Rock High School – North (Gymnasium) prepared by Element Environmental Solutions on January 28, 2025” **ADD** the newly issued specification section included with this Addendum No. 1 immediately following specification section 003132A.

4.2 Reference Specification Section 011000 – Summary, 1.5 Work Sequence, F., **REVISE** item 4. to **READ** 4. Substantial Completion: on or before August 11, 2025

5.0 CHANGES TO THE DRAWINGS:

5.1 None.

6.0 BIDDERS QUESTIONS:

6.1 **Question:** Who is responsible to move the bleachers

Response: The contractor is responsible to remove the fixed bleachers, adjust and reinstall the bleachers.

NOTE:

- **ALL BIDDERS MUST** indicate receipt of this Addendum on Page 1 of the Bid Form.
- **No other acknowledgment is needed or requested to be returned as the receipt of Addenda is tracked through the Sharefile service Addenda are issued through.**

SECTION 003132 - GEOTECHNICAL DATA

PART 1 - GENERAL

1.1 INFORMATION AVAILABLE TO BIDDERS – GEOTECHNICAL DATA

- A. This Document and its referenced specifications and drawings are included in the Procurement and Contracting Requirements for Project as they provide Owner's information for Bidders' convenience and are intended to supplement rather than serve in lieu of Bidders' own investigations. They are made available for Bidders' convenience and information and are not a warranty of existing conditions. All Bidders will receive the following list of reference documents:
1. Asbestos Bulk Sampling for the Holland Middle School - Gymnasium, including all Appendices, for the Council Rock School District High School North & Holland Middle School Wood Gym Floor Replacement (the "Project") prepared by Element Environmental Solutions on January 28, 2025, is included as Specification Section 003132A.
 2. Asbestos Bulk Sampling for the Council Rock High School – North (Gymnasium), including all Appendices, for the Council Rock School District High School North & Holland Middle School Wood Gym Floor Replacement (the "Project") prepared by Element Environmental Solutions on January 28, 2025, is included as Specification Section 003132B.
- B. Geotechnical Data provided as part of this Section and its referenced documents shall not constitute a Contract Document and shall be considered as "general information" only. The data indicated for subsurface conditions is not a representation or guarantee of the continuity of such conditions including variations in kind, depth, quantity, and conditions of soil. The Owner, Construction Manager, and Architect will not be responsible for interpretations or conclusions drawn from the Geotechnical Report(s) by the Bidder. The Owner, Construction Manager, and Architect are not responsible for the accuracy or completeness of the information given in the Geotechnical Report(s).
- C. Bidders may rely on the technical data contained in such reports and information presented herein, but not upon non-technical data, interpretations, recommendations, or opinions contained therein or for the completeness thereof for Bidder's purposes. Bidders shall determine the adequacy of the included geotechnical data for use in preparing the Bid. Should the data contained in the above referenced document(s) not be adequate for the Bidder's purposes, the Bidder may make, prior to bidding, his own exploration, tests, and analyses.
- D. Bidders should visit the site to familiarize themselves with existing conditions. No claims will be honored for inadequacy of data contained within the provided geotechnical reports. Should Bidder determine that additional information is required, the Bidder shall make, prior to bidding, his own exploration, tests, and analyses.

COUNCIL ROCK SCHOOL DISTRICT
HIGH SCHOOL NORTH & HOLLAND MIDDLE SCHOOL
WOOD GYM FLOOR REPLACEMENT

- E. Contact CHA, Construction Manager (CM), Douglas Taylor (267-372-1851) to schedule additional exploration or tests. Bidders shall provide insurance certificates as per General Conditions Article 11 and other information required prior to performing additional exploration or tests.

PART 2 - PRODUCTS (Not Used)

PART 3 - EXECUTION (Not Used)

RE: Asbestos Bulk Sampling
Holland Middle School - Gymnasium
E2S Project 1041.0024 Task 6, Subtask 5

Dear Jessica:

Element Environmental Solutions, Inc. (E2S) was contracted to perform asbestos bulk sampling at Holland Middle School (Council Rock School District) located at 400 East Holland Road, Holland, Pennsylvania. The purpose of the investigation was to identify any asbestos-containing materials (ACM) that could be impacted by the planned Gymnasium floor replacement project.

Summary

E2S representative, Mr. David Bertsch, was on site on Monday, January 20, 2025, along with representatives from the project team and CRSD, to investigate the existing conditions beneath the wood gym floor. A section of the gym floor was opened from beneath the bleachers, and upon investigation it was determined there was an existing polyurethane foam underlayment (subfloor), located directly on concrete (no adhesive). Mr. Bertsch collected one (1) bulk sample of suspect poly foam subfloor under the wood gym floor. Mr. Bertsch is a certified Asbestos Building Inspector by the Environmental Protection Agency (EPA) and is licensed in the same capacity by the Pennsylvania Department of Labor and Industry (PA DLI). The sample was submitted to an accredited laboratory for asbestos analysis by Polarized Light Microscopy (PLM). The laboratory utilized for this project was: EMSL Analytical, Inc. located in Cinnaminson, New Jersey. EMSL is an American Industrial Hygiene Association (AIHA) and a National Voluntary Laboratory Accreditation Program (NVLAP) accredited laboratory for asbestos PLM analysis. The bulk sample analysis result is summarized below:

<u>Sample Number</u>	<u>Location</u>	<u>Material</u>	<u>EMSL PLM Result</u>
HMS-1/20-01BK	Main Gymnasium	Poly Foam Subfloor beneath Wood Gym Floor (White)	None Detected

There was NO asbestos detected in the sample collected on 1/20/2025. The laboratory report from EMSL Analytical, Inc. (EMSL Report No. 042501454) is included with this report, along with the associated sample Chain of Custody (COC) form prepared by E2S.

Thank you for the opportunity to present Element Environmental Solutions (E2S) as a partner in your environmental management efforts. Should you have questions or require additional information, please contact me.

Sincerely,
E2S, Inc.

EMSL maintains liability limited to cost of analysis. Interpretation and use of test results are the responsibility of the client. This report relates only to the samples reported above, and may not be reproduced, except in full, without written approval by EMSL. EMSL bears no responsibility for sample collection activities or analytical method limitations. The report reflects the samples as received. Results are generated from the field sampling data (sampling volumes and areas, locations, etc.) provided by the client on the Chain of Custody. Samples are within quality control criteria and met method specifications unless otherwise noted. The above analyses were performed in general compliance with Appendix E to Subpart E of 40 CFR (previously EPA 600/M4-82-020 "Interim Method") but augmented with procedures outlined in the 1993 ("final") version of the method. This report must not be used by the client to claim product certification, approval, or endorsement by NVLAP, NIST or any agency of the federal government. Non-friable organically bound materials present a problem matrix and therefore EMSL recommends gravimetric reduction prior to analysis. Unless requested by the client, building materials manufactured with multiple layers (i.e. linoleum, wallboard, etc.) are reported as a single sample. Estimation of uncertainty is available on request.

Samples analyzed by EMSL Analytical, Inc. Cinnaminson, NJ NVLAP Lab Code 101048-0, AIHA LAP, LLC-IHLAP Lab 100194, PA ID# 68-00367, LA #04127

RE: Asbestos Bulk Sampling
Council Rock High School – North (Gymnasium)
E2S Project 1041.0024 Task 6, Subtask 5

Dear Jessica:

Element Environmental Solutions, Inc. (E2S) was contracted to perform asbestos bulk sampling at Council Rock High School – North (Council Rock School District) located at 62 Swamp Road, Newtown, Pennsylvania. The purpose of the investigation was to identify any asbestos-containing materials (ACM) that could be impacted by the planned Gymnasium floor replacement project.

Summary

E2S representative, Mr. David Bertsch, was on site on Monday, January 20, 2025, along with representatives from the project team and CRSD, to investigate the existing conditions beneath the wood gym floor. A section of the gym floor was opened from beneath the bleachers, and upon investigation it was determined there was an existing fiberboard material (subfloor) on cellophane weatherproofing, located directly on concrete (no adhesive). Mr. Bertsch collected one (1) bulk sample of suspect fiberboard subfloor under the wood gym floor. Mr. Bertsch is a certified Asbestos Building Inspector by the Environmental Protection Agency (EPA) and is licensed in the same capacity by the Pennsylvania Department of Labor and Industry (PA DLI). The sample was submitted to an accredited laboratory for asbestos analysis by Polarized Light Microscopy (PLM). The laboratory utilized for this project was: EMSL Analytical, Inc. located in Cinnaminson, New Jersey. EMSL is an American Industrial Hygiene Association (AIHA) and a National Voluntary Laboratory Accreditation Program (NVLAP) accredited laboratory for asbestos PLM analysis. The bulk sample analysis result is summarized below:

<u>Sample Number</u>	<u>Location</u>	<u>Material</u>	<u>EMSL PLM Result</u>
HSN-1/20-01BK	Main Gymnasium	Fiberboard beneath Wood Gym Floor (Brown/Black)	None Detected

There was NO asbestos detected in the sample collected on 1/20/2025. The laboratory report from EMSL Analytical, Inc. (EMSL Report No. 042501432) is included with this report, along with the associated sample Chain of Custody (COC) form prepared by E2S.

Thank you for the opportunity to present Element Environmental Solutions (E2S) as a partner in your environmental management efforts. Should you have questions or require additional information, please contact me.

Sincerely,
E2S, Inc.
